Dear Mrs Smith

The Management of the Open Space at the top of Wishingstone Way, ASKER Lane, Matlock.

With reference to the remaining trees on land adjoining our garden at 62, ASKER LANE, MATLOCK. The six trees that remain, some have grown to about 50' and we feel the trees are too large for the site and the open space (as designated in the original plans for Wishingstone Way) the site is no longer an open space.

We are worried about the roots from the lime tree and the proximity to the foundations of our property

The trees overshadow our garden and are spoiling the enjoyment for sitting on our terrace

as they are blocking the sun at about 4:09pm
whereas before they had grown we had sun
untill 6:30pm.

The trees are Town Council property.

We would therefore like to seek the
councils permission for the removal of
the remaining trees.

Yours Truly.
